

# Technical Specifications

<b>Effective tonearm length in mm (from the tonearm pivot to the stylus)</b>	304.8
<b>Mounting distance (from the tonearm pivot to the spindle)</b>	291.6
<b>Offset angle (between a groove and the stylus direction)</b>	18°
<b>Overhang in mm (from the spindle to the stylus)</b>	13.2
<b>Effective tonearm mass in grams 17,2 18,5 19,5 (including Alu headshell)</b>	19.5
<b>Counterweight rotation diameter in mm</b>	77
<b>Cartridge weight range in grams 5-23 5-25 5-25 (depending on individual headshell weight)</b>	5-25
