

4.5 Cu. Ft. Smart Wave-Impeller Washer 7.0 Cu. Ft. Smart Tumble Dryer

Wave Impeller

Sensor Dry

Smart Control

WASHER FEATURES

Wave Impeller

Wave Impeller, with patented technology that is gentle on clothes, but tough on dirt.

Dual Phase Dispenser

Delivers twice the cleaning power with the same amount of soap.

Smart Control

Receive notifications, remote start, and pre-load your favorite cycles using the Smart Home app.

Easy Reach

It's easier to reach the bottom and pick up your clothes with this proper height.

Auto Sensing

Automatically detects load size and adds correct amount of water, saving time and water.

High Water Level

Adds more water without interrupting the cycle.

DRYER FEATURES

Sensor Dry

Automatically prevents over drying for fluffy and soft laundry.

Drum Light

An internal drum light brightly illuminates the interior so you can quickly take out your laundry even if the small items.

Wrinkle Guard

The temperature and humidity sensors intelligently detect the dryness of laundry in the drum.

3 Way Venting

Customize your laundry room with versatile vent installation.
