# INSTALLATION INSTRUCTIONS

**CPU Interface Adapter** 

# DISCLAIMER

Milestone AV Technologies, Inc., and its affiliated corporations and subsidiaries (collectively, "Milestone"), intend to make this manual accurate and complete. However, Milestone makes no claim that the information contained herein covers all details, conditions or variations, nor does it provide for every possible contingency in connection with the installation or use of this product. The information contained in this document is subject to change without notice or obligation of any kind. Milestone makes no representation of warranty, expressed or implied, regarding the information contained herein. Milestone assumes no responsibility for accuracy, completeness or sufficiency of the information contained in this document.

**WARNING:** A WARNING alerts you to the possibility of serious injury or death if you do not follow the instructions.

**CAUTION:** A CAUTION alerts you to the possibility of damage or destruction of equipment if you do not follow the corresponding instructions.

**WARNING:** Failure to read, thoroughly understand, and follow all instructions can result in serious personal injury, damage to equipment, or voiding of factory warranty! It is the installer's responsibility to make sure all components are properly assembled and installed using the instructions provided.

WARNING: Failure to provide adequate structural strength for this component can result in serious personal injury or damage to equipment! It is the installer's responsibility to make sure the structure to which this component is attached can support five times the combined weight of all equipment. Reinforce the structure as required before installing the component.

**WARNING:** Exceeding the weight capacity can result in serious personal injury or damage to equipment! It is the installer's responsibility to make sure the combined weight of all components does not exceed the maximum weight capacity of the mount to which this accessory is being installed.

## LEGEND

	Tighten Fastener	Pencil Mark
C	Apretar elemento de fijación	Marcar con lápiz
	Befestigungsteil festziehen	Stiftmarkierung
	Apertar fixador	Marcar com lápis
	Serrare il fissaggio	Segno a matita
	Bevestiging vastdraaien	Potloodmerkteken
	Serrez les fixations	Marquage au crayon
0	Loosen Fastener	Drill Hole
	Aflojar elemento de fijación	Perforar
	Befestigungsteil lösen	Bohrloch
	Desapertar fixador	Fazer furo
	Allentare il fissaggio	Praticare un foro
	Bevestiging losdraaien	Gat boren
	Desserrez les fixations	Percez un trou
	Phillips Screwdriver	Optional
	Destornillador Phillips	Opcional
	Kreuzschlitzschraubendreher	Optional
	Chave de fendas Phillips	Opcional
	Cacciavite a stella	Opzionale
	Kruiskopschroevendraaier	Optie
	Tournevis à pointe cruciforme	En option
	Open-Ended Wrench	Security Wrench
	Llave de boca	Llave de seguridad
	Gabelschlüssel	Sicherheitsschlüssel
	Chave de bocas	Chave de segurança
	Chiave a punte aperte	Chiave di sicurezza
	Steeksleutel	Veiligheidssleutel
	Clé à fourche	Clé de sécurité
0	Hex-Head Wrench	I
	Llave de cabeza hexagonal	
	Sechskantschlüssel	
	Chave de cabeça sextavada	
	Chiave esagonale	

Clé à tête hexagonale

## TOOLS REQUIRED FOR INSTALLATION

## PARTS

# **Assembly And Installation**

 Using a 10-24 button head cap screw (G) inserted from inside of bracket, secure mounting button (E), with chamfered hole of mounting button (larger surface) facing bracket, to bracket. Repeat with other three mounting buttons. (See Figures 1 & 2)

Figure 1

Figure 3

Figure 4

Figure 2

2. Attach large bumpers (D), making sure the CPU will rest against the bumpers when installed. (See Figures 3 & 4)

3. Attach small bumpers (C), making sure the CPU will rest against the bumpers when installed. (See Figures 5 & 6)

Figure 5

#### Figure 6

- 4. Turn adapter on its end. (See Figure 7)
- 5. If necessary, slide brackets out of the way before installing the CPU inside adapter.
- 6. Install the CPU Inside adapter.
- 7. Adjust side brackets until they firmly press against sides and top of CPU.
- while pressing brackets against CPU, tighten all Nylock nuts. The CPU should now be completely rigid inside of adapter.

9. Using 10-24 pan head Phillips or button head security screws (I or H), secure side covers. (See Figure 8)

### Figure 8

- Lift Interface Adapter (A) up to Chief Mount, aligning buttons (E) of adapter with slots in the Chief Mount. Make sure the tear drop slots of Interface Adapter (A) face down replicating those of the Chief Mount.
- 11. Raise safety latch on Chief Mount to secure Display, making sure latch is completely engaged.
- 12. With the aid of another person, lift Large Flat Panel Display up to the PAC-252 CPU Interface Adapter (A), aligning buttons of mounting brackets with slots in adapter.
- 13. Raise safety latch on PAC-252 to secure Display, making sure latch is completely engaged.
