MOE'S

Bent Counter Table Oak

Nature did the styling here. Bent brings a live-edge solid oak top to center stage, letting knots, whorls, and grain stay proudly visible. Tall iron legs add a clean industrial counterpoint and lift the whole piece with an airy, gallery-like feel. It's the kind of table that makes everyday meals, quick coffees, and weekend spreads feel a little more intentional. Pair it with other Bent pieces to keep the look warm, grounded, and cohesive.

- Natural, Rooted Look: Live-edge solid oak adds organic character, while tall iron legs keep the profile open and lightly industrial.
- Solid Oak Top: Crafted from solid oak in a natural tone that highlights grain variation and wood character for an honest, grounded finish.
- Sturdy Iron Base: Built on an iron base designed for steady support, keeping the tabletop firmly grounded without visual heaviness.
- Counter-Height Versatility: A comfortable spot for casual dining, prep, or perching, with a footprint that suits kitchens, lofts, and open-plan spaces.
