

CPV2-486GL-N

48" Professional Cooktop: 6 burners with grill

This DCS professional cooktop provide as much cooking area as you'll ever need with its 6 burners plus grill. DCS cooktops have unique, patented Dual Flow Burners™ that let you fire up a fierce heat in an instant — and just as quickly turn it down to a precise full surface simmer with the gentlest of flames. Cooktop burner powers reach up to an extraordinary 23,500 BTU with total surface output reaching up to 128,000 BTU. The grill allows you to grill indoors year-round.

Features & Benefits

- Perfect Heat**

Sealed Dual Flow Burners™ deliver cooktop power up to 23,500 BTU (NG model) for seriously fast boiling right down to a precise 140°F full surface simmer with the gentlest of flames.
- Total Control**

From the highest to the lowest temperatures you get precise control with halo-illuminated cooktop dials. A precise full surface simmer is delivered across all burners.

- Easy to Clean**

DCS Cooktops have sealed burners and a single sheet cooking surface which, coupled with a commercial-style stainless steel finish and dishwasher-safe grates allow easy cleaning.
- Information at a Glance**

LED halo control dials provide information at a glance and assist in alerting you if any burners are left on.

- Grill**

The grill has the DCS Grease Management System™ grease channeling technology with double sided cast 304 grade stainless steel grates that drain fat during cooking and help reduce smoke output.

- Cooking Flexibility**

The cooktops continuous surface grates are designed for pots and pans to move safely across the cooktop, so you can boil, fry or simmer anywhere on the cooktop. Full coverage, deep-platform style grates are designed to sit at the perfect distance from the high powered burners so the heat goes directly onto the pot rather than the grates themselves, for a faster boil and energy efficiency.

- Kitchen Family Match**

Designed to match the DCS professional kitchen appliance family.
