Type: Tables, Console Tables

Category: Living Room

Collection: Sanctuary

Number of Drawers: 4

Style: Casual

Finish: Medium Wood

Brand: Hooker Furniture

Product Description: Like a favorite pair of skinny jeans, this slim console will become a staple and focal point as it brings tight spaces to life. Finished in Drift with the antique character of driftwood, the Sanctuary Console is functional as well as stylish, with 4 drawers and a bottom shelf.

Collection Features: Pursue serenity at home. Create your own personal sanctuary, a special place where you can experience comfort within.

Status: Active

Finish: Drift - with the antique character of driftwood. Distressing includes cow-tailing and rub-through.

Features: Four drawers.

Material: Ash Veneers

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and

durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
