Round Off Floating Console Table Walnut

Let’s take the edge off, literally. Round Off floats with softly rounded corners and a clean profile that keeps entryways and hallways feeling open. Walnut veneer over MDF brings warm, visible grain to the surface, while a solid oak edge adds a crisp finish where it counts. The solid oak wall hanger keeps the look light and lifted, turning a practical landing spot into a small moment of design that never feels bulky.

- Soft, Airy Lines: Rounded corners and a floating silhouette keep the look light, giving walls a design-forward moment without taking up visual space.
- Warm Walnut Face: Walnut veneer over MDF delivers consistent color and visible grain, finished with a solid oak edge for a clean outline.
- Hangs With Confidence: A solid oak wall hanger supports the piece securely, keeping the profile tidy and the installation feeling intentional.
- Easy Drop Zone: The slim surface is made for keys, mail, and everyday carry-ons, keeping essentials corralled in a simple, elevated spot.
