

## Be exact. The original soundbar.

Leon's Horizon™ Series speakers are hand-crafted and built-to-order to match the exact width and finish of any flat-panel display. Combining left, center and right channels all in one sleek cabinet, the Horizon™ Series provides picture perfect sound for Living Space home theater systems and everyday TV viewing. The Horizon™ 313 Series accurately reproduces music and dialogue, whether it is from a fully-equipped 5.1 home theater system or mounted with a stand-alone panel. Each speaker features world-class woofers and is available with audiophile-grade tweeters to ensure superb dynamic range and tonal clarity, delivering a theater experience to any television.

Custom built to match the **exact width and finish of any display**

Easily mounts to articulating TVs with Leon's exclusive brackets

Slim 3.25" deep design ensures compatibility with flat-screen TVs

Angled baffles available for overmount or high placement applications

Solid MDF construction, meticulously crafted by hand

Available as LCR, LR or Center channels

**Recommended Pairings:** Axis AX-V5, Detail Ds113-X-A, Vault v114i, Aaros A8-400
