Product Description: Mid-Century Modern gets an industrial luxe twist in the hardwood Apollo Credenza, with an exterior wrapped in aluminum sheet in silver and gold hues and accented by 6 shaped gold legs. Four doors have soft-close hinges and one adjustable wood shelf behind each set of doors. A ventilated back panel makes this piece media-ready.

Collection Features: Come closer to Melange, and you will discover something unexpected, an eclectic blending of colors, textures and materials in a vibrant collection of one-of-a-kind artistic pieces.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not

expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
