FEATURES & BENEFITS

European Design Quality

Configured to suit every lifestyle and offers enough space, advanced features, and brilliant design that brings the touch of elegance to any kitchen.

30" Bottom Mount Refrigerator, 16 Cu.Ft. Total Capacity

Energy Star rated, 16 cu.ft - Spacious refrigerator and freezer capacity that can handle all of your food storage needs.

TwinCooling Plus Technology

Equipped with two separate cooling systems to cool the fresh food compartment and freezer compartment. Preventing mixture of air and odors in the refrigerator and freezer compartment.

Door-On-Door System

With the door-on-door installation, the kitchen unit and appliance doors are firmly connected with direct attachment of the unit door to the appliance door. The refrigerator door, therefore, bears the weight of the unit door.

Crisper Drawer

The proprietary crisper drawer features an adjustable temperature zone that allows fruits and vegetables to retain freshness longer.

Total No Frost

No frost ensures optimal distribution of cooling and freezing through out the refrigerator and freezer, therefore extending the freshness and longevity of stored food items.

Digital LED Control Interface

The user-friendly, LED display interface features a smooth design and easy-to-use controls, that allow for intuitive operation of the refrigerator.

LED Interior Light

Bright and efficient LED lighting highlights the contents of your refrigerator and is evenly distributed to make finding items easy.

Internal Ice & Water Dispenser

Delivers fresh, filtered water discreetly within the refrigerator and up to 4 lb. of ice per day with an automatic ice maker located in the freezer compartment.
