

Our square Organic Living End Table is a stylish addition to any living space. It has three floating panels crafted from 2" hand-hewn solid panels with a sleek slab edge and boasts a modern and eye-catching design. The wood finish showcases captivating earthen tones of mossy green, brown, and black, elegantly rubbed into the generous reeded and hand-hewn details of the Solid Mango wood. The 1" square tube metal base, finished in Burnished Nickel, adds a touch of sophistication. Elevate your home decor with this exceptional lamp table, where exquisite craftsmanship and contemporary aesthetics meet in perfect harmony.

The **Organic Living Collection** features a unique, earthy design with hand carvings that flow like a brook in and out and across the face of all the drawers and doors. To complement the carved front faces, the solid Mango wood cases have been hand-skived to give them the natural feel of hand-hewn wood.

The Organic Living finish has an organic base of mossy colors, consisting of equal layers of green, brown, and black earthen tones that are hand-rubbed into the wood. This handcrafted process gives each piece a unique and natural feel, perfect for any home that values quality craftsmanship and elegant design.

Crafted from solid Mango wood with hardware tab pulls and 1" square tube metal framing finished in Burnished Nickel, this collection is durable and stylish. Upgrade your home with the Organic Living Collection and experience the perfect blend of natural beauty and functional design.
