Introducing the Thatcher End Table - a timeless piece crafted from solid wood with a subtle light green hue and a highly distressed finish for that vintage appeal. This end table boasts classic carved legs and is designed with two shallow drawers - one at the top, one at the bottom, with a cabinet space in between for additional storage. The hardware perfectly matches the distressed finish, but it's the standout cabinet key that adds a unique and stylish touch to the overall design. Complete with edging that enhances its vintage charm, the Thatcher End Table is a perfect blend of elegance and functionality for any living space.
