Type: Tables, Dining Tables

Category: Casual Dining

Collection: Catalina

Number of Leaves: 0

Style: Transitional

Finish: Light Wood

Brand: Drew & Jonathan Home

**Product Description:** Mimicking the incredibly unique racetrack-shaped design, of its standard height counterpart, the Catalina Bar Height Dining Table is sure to delight again and again. Crafted from mid-tone distressed wood, this casual bar-height table has a fixed top and a stretcher at the bottom for added support. The breezy, coastal-inspired table is perfect for casual and transitional dining alike. Mix and match the Catalina Bar Height Dining Table with other pieces in the Catalina Collection for coordinating dining space style.

**Collection Features:** The Catalina collection offers a casual design profile that mirrors Drew and Jonathan’s current Southern California lifestyles. The collection includes low profiles with classic angles and natural finishes. Highlights of the dining pieces include three tables: a round style with an open slatted base, a casual style with a “racetrack-shaped” top and open pedestal base, and a bar-height table. Dining chair choices include an upholstered pub armchair, an upholstered dining bench, and upholstered arm- and side chairs. Rounding out the case good assortment is a buffet and accent cabinet, a coffee table with glass top and two etagere styles.

**Finish:** Light wood distressed finish with black metal stretcher

**Features:** Includes dining table top and base  
Racetrack-shape top design  
Metal stretcher  
Adjustable levelers

**Material:** Split Heart Oak Veneers and Metal

**Frame Construction:** Drew & Jonathan Home uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

**Important Use Information:** We recommend using coasters, placements and trivets when using hot containers with this item. It is also recommended to provide quick cleanup for any spills to minimize exposure to moisture. Doing so will prolong the life and look of the item and provide many years of the quality you expect.

**Cleaning Information:** L: Gently wipe with a water dampened white cotton cloth. Wipe dry with a clean dry cloth. Clean spills immediately with a soft, slightly damp cloth.

**Width:** 90" (228.6 cm)
