MOE'S

Eleanor Vanity Desk Black

Regency lines, with a marble-topped wink. The Eleanor vanity desk pairs a generously sized profile with bamboo-like turned mango wood legs and a Banswara marble top. A black MDF frame keeps the look grounded, while solid antique brass finish handles add a classic point of detail. With a glass mirror included, it moves easily between vanity, desk, and getting-ready station. Pretty useful, all dressed up.

- Regency-Inspired Profile: A generously sized profile and classic lines give the Eleanor vanity desk a polished, furniture-forward presence, so the silhouette feels intentional from every angle.
- Banswara Marble Top: A Banswara marble top brings expressive natural veining and a cool stone surface to the black frame, letting the material carry the visual story.
- Turned Mango Legs: Solid mango wood legs feature bamboo-like turned details, adding rhythm and craftsmanship beneath the marble top, letting the material carry the visual story.
- Vanity Ready: A glass mirror and antique brass finish handles make the piece practical for getting ready, writing, or daily organization, while keeping the overall look composed.
