Watts per Socket / Item: 60/60

The Bryce Wall Sconce is a modern, elegant fixture that is just as at home in the dining room as it is in the bathroom. This simple form is embellished with a scalloped votive holder, a motif that is rooted in industrial gears. Barry Goralnick has explored these forms with Currey & Company in other collections, the addition of the gold leaf surface a new elegant touch. The tapered base and ball finial on this gold leaf sconce, which is certified for damp locations, are updated simple, yet classic forms. The diffuser in frosted glass provides an even glow. The Bryce is also available in a flush-mount version.
