MOE'S

Anya Sofa Olive

If your living room could exhale, it would look like this. Anya blends contemporary curves with a nod to heritage woodwork, so the space feels collected, not cluttered. Performance-treated chenille in olive keeps things soft and forgiving, while solid oak wraps the arms and lands as a leg detail. Inside, foam and fiber fill holds its shape for long hangs. The curved back invites conversation and makes corners feel intentional. A sofa with manners—and personality.

- Curved, Collected Shape: A rounded silhouette softens the room and pairs contemporary lines with heritage-inspired oak details for an easy, intentional focal point.
- Chenille and Oak: Performance-treated polyester chenille feels plush, while solid oak adds warmth at the arms and legs without overwhelming the upholstery in Olive.
- Supportive Fill: Foam and fiber fill offers a balanced sit and helps the cushions stay resilient through everyday use and longer lounge sessions.
- Easy-Living Finish: C0 performance treatment helps resist spills and makes upkeep simple, so the sofa stays ready for guests and real life.
