Product Description: French romance meets modern glam with this TV-ready credenza, sure to be an admired focal point in your home. Crafted of Poplar and Hardwood Solids with Maple Veneers and Eglomise with Aluminum, Metal Buttons and Nails, the credenza has four doors with two shelves behind each set of doors, a ventilated back panel and accommodates up to an 80-inch TV.

Collection Features: Come closer to Melange, and you will discover something unexpected, an eclectic blending of colors, textures and materials in a vibrant collection of one-of-a-kind artistic pieces.

Status: Active

Finish: White finish on maple veneer with crackle revealing a champagne shimmer underneath with a heavily waxed aluminum top. Distressing includes chopping and rasping.

Features: Four doors with two shelves behind each set of doors
Ventilated back panel

Material: Maple Veneers and Eglomise with Aluminum, Metal Buttons and Nails

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
