

DW8620

Product family	Dishwashers
Width	24"
Commercial height	86 cm
Installation	Fully-integrated built-in
N° baskets	3, FlexiDuo
Engine	Inverter
EAN code	8017709354855

Programs

Number of programs	10	Delicates	Yes
Washing temperatures	38, 45, 50, 55, 65, 70, 75 °F	Normal	Yes
Express 27'	Yes	Rinse	Yes
Automatic	Yes	Eco express	Yes
Intense	Yes	Pots & Pans	Yes
Self Clean	Yes		

Options

Dry Assist+ option	Yes	FlexiZone half-load option	Yes
Delay start	Up to 24 hours	Special programs option	Yes

Baskets

Basket color	Gray	Lower basket	With 2 foldable racks
Upper basket	1 foldable rack	Lower basket accessories	MultiLoad
Upper basket height adjustment	On 3 levels	Lower basket with anti-drip inserts	Yes
Sliding Guides Extra Glide	Yes	Colour Inner Components	Sage Leaf
Largest loadable dish in upper basket	19,0 inches	Cutlery basket	Yes

Technical Features

Width	23 9/16 "	Flood protection system	Single Aquastop
Depth	21 5/8 "	Max water hardness	100°FH;58°dH
Display type	LED display (3 digits)	Drying system	Natural condenser drying, with Dry Assist + automatic door opening system at the end of the cycle
Height	33 3/4 "	Tub material	Stainless steel
Display	Delay start, Program progress indicator	Filter	Stainless steel
Program symbols	Writings in English	Concealed heating element	Yes
On/off indicator	Yes	Hinges	Self-balancing, Sliding, FLEXIFIT
Salt indicator	Light	Min. and max. frontal panel weight	4.4 - 24.3 lbs
Rinse aid indicator	Light	Min. and max plinth height	50 - 215 mm
End-of-cycle indicator	ActiveLight	Adjustable feet	2 3/4", from 33 7/8" to 36 5/8"
Washing system	Orbital	Additional gaskets	Yes
Third spray arm	Single	Back cover	Yes
Water softener	With electronic setting	Depth of dishwasher with open door (mm)	1186
Turbidity sensor Aquatest	Yes	Top cover	Metal sheet

Electrical Connection

Plug	(B) NEMA 5-15P	Frequency (Hz)	60 Hz
Connected power	1100 W	Connection type	Single-phase
Current	13 A	Power supply cable length	140 "
Voltage	115 V		

Compatible Accessories

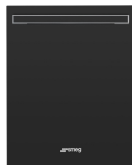

KIT86CX-1

Door kit, stainless steel, Canali handle, fully integrated dishwasher h.86 cm
Compatible with models with Flexifit and fixed fulcrum hinges.

KIT86PORTWH-1

KIT86PORTAN-1

KIT86PORTX-1

KITFLEXI

KITPL60B

Toekick Kit in White colour with adjustable height and deepness. Can be installed over all the fully integrated and underbench models with variable fulcrum or flexifit hinges.

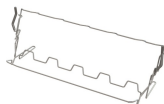

KITPL60X

Toekick Kit in Stainless Steel with adjustable height and deepness. Can be fitted over all the fully integrated and underbench models with variable fulcrum or flexifit hinges.

KITGH

Kit glass holder. It has to be fitted on the first basket but only if there are foldable racks

KITPL60N

Toekick Kit in Black colour with adjustable height and deepness. Can be installed over all the fully integrated and underbench models with variable fulcrum or flexifit hinges.

KITPLV2

Kit extension for dishwasher and washing machine: lenght mt. 2

Symbols glossary

	Acquastop: Some Smeg dishwashers are equipped with a simple Acquastop: float sensor in the bottom which is necessary to prevent an accidental leakage of water inside the appliance.		Activelight is an led light which projects a red spot onto the floor beneath the dishwasher when the appliance is in use.
	Aquatest measures the clarity of the water during an auto program, and automatically ensures the minimum consumption of water and energy.		Anti-drip: Some models of dishwashers are equipped with special polymer nozzles anti-drip, that improve the process of drying.
	COMM_HEIGHT_86_72dpi		Delay Timer: The delay timer can postpone the start of the program by up to 24 hours.
	FlexiDuo: The FlexiDuo 3rd cutlery basket allows you to arrange cutlery or small cups, ladles, or bulky utensils however you like: it consists of two separate and moveable modules.		Models with new Flexi Fit hinges are able to be installed in kitchens with a plinth of just 5cms. With this new hinge design, the panel has a sliding movement from the bottom to the top, avoiding any possible interference of the panel with the plinth.
	FlexiZone: The ½ load flexizone allows you to wash a reduced load saving energy, water and time and there are no restrictions on where the items are placed.		The new ExtraGlide guide system, available on top of the range models, makes the second basket even smoother and softer. In fact, it facilitates the extraction of the introduction, even at full load and, for the greater excursion, the insertion of crockery is also facilitated in the rear part.
	Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.		Noise Level: Excellent insulation and special devices keep noise to a minimum.
	Orbital wash system distributes water evenly throughout the 60cm dishwasher cavity, directing water with precision to ensure an excellent wash.		Auto 45°- 65°: The auto programme regulates the length of a cycle depending on the need for a pre-wash and the number of rinses required.
	Delicate: Delicate washing program is designed for delicate dishes which are not heavily soiled.		PRG_RINSE_72dpi
	Rapid 27 Mins: The rapid 27 mins quick program takes just 27 minutes to wash a load.		Ultraclean: The Ultraclean option performs a final rinse at a high temperature of 70°C eliminating virtually all bacteria.
	The symbols show the number of plate settings of the dishwasher.		System WaterSave ensures the best washing results with minimal water consumption depending on the model of dishwasher.
	...		...

...

The Dry Assist + option, in addition to saving energy, ensures perfect drying of the dishes by opening the door automatically at the end of the wash cycle.

Benefit (TT)

Active Light

Maximum control thanks to the light projected on the floor that indicates when the dishwasher is running and when the cycle is complete

Smeg dishwashers equipped with ActiveLight signal the appliance's activity status by projecting a light on the floor while the cycle is running. The light goes out at the end of the cycle, signalling that the dishwasher can be unloaded.

FlexiDuo

The flexible third basket provides additional space, adapting to the load to accommodate various types of dishes, ensuring optimal organization and efficient use of interior capacity

The third FlexiDuo basket consists of two separate sections that can be handled independently of each other, stacked and/or removed, offering loading flexibility for every need. Depending on the arrangement, it allows cups, tall glasses, bulky utensils and pots and pans to be placed in the upper basket.

Orbital Wash System

Even water distribution, deep cleaning and low noise thanks to the dual rotating spray arms

Orbital washing system, which, thanks to its double arm, its 7 water exit points and thanks to overlapping and simultaneous rotations and 40 rotations per minute, allows ample coverage of the tank area, thus guaranteeing optimal results in any basket-loading configuration.

Flexifit hinge system

Smooth-running door for optimal integration into the kitchen design

The height of the plinth can vary from 5 cm to 21.5 cm, allowing it to fit perfectly into the cabinet. Thanks to this solution, the dishwasher blends harmoniously into its surroundings, with the door and plinth perfectly aligned with the other kitchen furniture.

Extra Glide Telescopic Guides

Smoother and more stable loading and unloading operations

Extra Glide telescopic guides ensure smooth and safe extraction of the upper basket, even with heavy loads. The telescopic design ensures smooth, stable and silent movement, improving ergonomics and convenience. Ideal for optimising space and ease of use, they combine durability and comfort in every washing operation.

DryAssist+

The Dry Assist+ system of automatic door opening at the end of the cycle ensures fast and energy-efficient drying
