

HOWELL SIDE CHAIR

In keeping with the design philosophy of Plank Road, the Howell dining chair balances clean lines with the details of its construction. The solid wood that serves as the structural framework of the chair is exposed and left as part of the beauty of the piece. This makes for a particularly attractive approach view of the back of the chair. It also features a small nail-head trim that frames the seat and back upholstery.

- Seat Height: 19"
- Seath Depth: 18"
- New Zealand Pine

Solid Wood - Made using genuine solid wood construction
