LOVESEAT | SM1218-LV

DETAILS:

Sit back and enjoy the tried-and-true classic appearance of this loveseat in your living. Plush T-seat cushions and loose pillow backs feature smooth curves that create a truly inviting appeal that enhances this loveseat, without detracting from the comfort it provides: the soft fabric and spacious wide armrests. Each piece is supported by tapered block legs visually obscured by the bright nickel polished nailheads that line the bottom edge of the frame. This loveseat mingles uniquely old fashioned themes with more modern luxurious comforts.
