

KREFELD

SECTIONAL | EM6750DG-SECT

DETAILS:

For fans of modern spaces, this L-shaped sofa might just be the centerpiece they are looking for. Simple silhouettes are formed by uninterrupted lines from the slightly flared armrests to the chaise and the lowered backs.

Complementing this rigidity is the softness of the loose back pillows and the gently curved metal legs that stay true to its modern roots in brilliantly polished chrome finish. Accent pillows provide the necessary visual contrast just enough to take this piece a notch above your average living room sectional.
