

## High-fidelity. Low profile.

Leon's Profile™ Series speakers are hand-crafted and built-to-order to match the **exact height and finish of any flat-panel display**. Available as multi-channel or stereo speakers, the Profile Series provides a powerful, high-fidelity two channel or Living Space home theater experience. The Profile™ 303 Series accurately reproduces music and dialogue, whether it is from a fully-equipped 5.1 home theater system or mounted with a stand-alone panel. Each speaker features world-class woofers and is available with MDT-12 tweeters to ensure superb dynamic range and tonal clarity, delivering a multi-channel, high-fidelity theater experience to any television.

Custom built to match the **exact height and finish of any display**

Solid MDF cabinets less than 4" deep, meticulously finished by hand

Multi-channel option available for LCR or distributed audio applications

Easily mounts to any articulating TV with Leon's exclusive brackets

Also available as freestanding towers

Picture perfect sound.™

Available as Stereo or Multi-channel

### PR303

Recommended for 32" - 46" TVs in smaller rooms. Cabinet dimensions: 4.75" wide x 3.25" deep (height matches size of TV)
