Product Description: Refine your dining area with the Westwood Metal Chair, featuring a sleek metal cantilevered frame and fabric upholstered seat and back. The performance fabric ensures durability, while the Polished Limestone finish enhances the chair's contemporary appeal. Ideal for a modern dining room, this chair offers both comfort and style, fitting seamlessly into minimalist spaces. A perfect blend of design and function for those who value subtle luxury.

Collection Features: Understated and elegant, the Westwood Collection was designed for those who appreciate the finer things in life. Exuding a "quiet luxury" lifestyle, Westwood seamlessly blends minimalist aesthetics with sophisticated comfort. Crafted with quartered oak veneers, the Polished Limestone finish offers a soft hand, adding character and depth to the group. Plated hardware and silver-leaf detailing adds to the soft modern appeal. Designed for those who value subtle sophistication, the whole home collection with coordinating upholstery can easily transform any space into an elegant haven of serenity and style.

Finish: Plated Radiance finish on metal frame

Features: Metal cantilevered frame

Fabric upholstered seat and back

Performance fabric

Material: Wood, Metal and Fabric

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Fabric 1: Trendy Snow (Performance); Fabric Contents: 100% Polyester
