ASSEMBLY INSTRUCTION

Model: U5915-CLR LED

Description: CONSOLE RECLINING LOVESEAT WITH
SPEAKERS WITH SUBWOOFER AND BLUE-CLR LED

Operation Instructions

1. Upon powering on, the product automatically starts. The light strip runs through a colorful cycle and then lights up blue.
2. The control button blinks blue, and a voice prompt says "Power On." At this point, the product enters Bluetooth pairing mode, and the voice prompt says "Wait for Preparing."
3. If Bluetooth fails to connect, the control button blinks blue rapidly, and the product automatically enters broadcast search mode. The Bluetooth search lasts for 10 seconds, followed by 5 seconds of broadcast search, and continues to cycle.
4. Open the Bluetooth function on your phone, search for the Bluetooth name "E309T_PRO," and pair it. Once paired successfully, the voice prompt says "Bluetooth Connected," and the control button blinks blue rapidly, continuing the broadcast search.
5. Open the music player on your phone and start playing a song. The speaker will automatically respond and play the music. The light strip will default to the colorful cycle and will move with the rhythm of the music. The subwoofer will also vibrate in sync with the music's rhythm. When the music pauses, the light strip lights up blue, and the subwoofer stops vibrating.
6. You can control the music on your phone, including previous track, next track, pause/play, volume down, and volume up.
7. Press the control button briefly to turn off the device, and the voice prompt will say "Power Off." Press the control button again briefly to turn the device on.
