WAGNER TWO DOOR CABINET

ABODE COLLECTION

ITEM # 269-580

The Wagner Cabinet has a remarkably simple aesthetic for a piece so rich in design elements. Most notably, the two glass doors are fluted and framed in fitted, mitered alder doors. Equally striking is the unique design of the solid wood end panels. They feature a flush panel design with coved edge shaping along the front and top edges. This makes the cabinet perfect for bunching as multiple units or alongside of its longer four-door sibling.
