

### Component List

Fin is engineered for easy assembly. Carefully follow this procedure to prevent any damage.

### Placement and Maintenance

Fin is designed for indoor use on level floors. Clean glass with glass cleaner, and steel parts and wood veneer with a moist cloth.

### Step 1

#### Unpack and Identify

Unpack and identify the components at left. The assembly workspace should be a non-marring surface such as carpet. For missing hardware pieces, please contact BDI Customer Service at customerservice@bdiusa.com. For all other concerns, please contact your BDI Retailer.

### Step 2

#### Install legs

**Wood direction/orientation is critical.**

After locating the "BOTTOM SIDE" label on wood base, attach **Legs (I)** to bottom side with **Cap Screw (E)** using the **4mm Hex Driver (A)** and then snap in **Glides (G)**. Install **Glass Support Tube (H)** to top edge of wood part using the **4mm Hex Driver (A)**.

**NOTE:** The Glass Support Tubes have a small set screw just below the open end.

### Step 3

#### Install shelf.

Using the **Phillips Screwdriver (B)**, install **Glass Shelf (J)** with **Plastic Screws (I)** to the pre-installed shelf supports as shown below.

### Step 4

#### Install table top.

Using the **2mm Hex Driver (C)** and **Set Screw (K)**, install **Table Top (M)** as shown below.
