LOVESEAT | SM6090-LV

DETAILS:

Plush comfort makes this sofa, love seat, and chair set a great addition to any living space. A truly inspired transitional design, the ivory colored fabric wraps around an English sofa frame, with low rolled arms and slightly pleated curves. Trimmed with matching color welt, T-shaped seat cushions feature spring suspension underneath, while the loose pillow back cushions rest against a webbed frame. Completing the set are a set of turned, wooden bun feet finished in light oak.
