Product Description: Sleek and stunning with a timeless sophistication and soft modern aesthetic, the Modern Mood Buffet combines Quartered Oak Veneers with raffia-wrapped doors, warm pewter brushed metal bar pulls accents. The Diamond Finish has crystal-like alabaster and pewter hues, offering a serene style. Features include 4 doors with soft-close hinges and magnetic catches, two adjustable wood shelves behind each pair of doors, ventilated back panels and wire management holes in the back panel and a 3-plug electrical outlet behind the right-side doors.

Collection Features: Unbound by geographical design, Modern Mood presents itself as an evolution of design choices, spanning a variety of decades and design movements, while maintaining an unmistakably modern aesthetic that transcends time. The 90-piece collection includes bedroom, dining room, home office, accent and occasional items characterized by substantive forms with soft architectural details. Elevated materials and brushed metal accents in a warm pewter finish are evident throughout the collection, including metal banding and edging as well as marble and glass accents. Crafted with flat cut quartered oak veneer with wire-brushed detailing, Modern Mood is presented in two finishes: Mink and Diamond. Delivering a dark, earthy brown with notes of black, Mink delivers a timeless aesthetic. A much lighter presentation is achieved with the crystal-like alabaster and pewter hues of the Diamond finish, delivering a soft sophistication.

Status: Coming Soon 3

Finish: Diamond finish: flat cut quartered oak veneers with wire-brush detailing in a light finish with crystal-like alabaster and pewter hues delivering a soft sophistication. Brushed metal in warm pewter finish. Bar pulls on the outside and round knobs on the inside drawer are warm pewter metal and wrapped in leather.

FC705 Three plug electrical outlet behind right side doors
Levelers
Ventilated back panel with wire management holes
Metal accents
Rounded corners

Material: Oak Veneers and Raffia

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
