

High-fidelity. Low profile.

Leon's Profile™ Series speakers are hand-crafted and built-to-order to match the **exact height and finish of any flat-panel display**. Available as multi-channel or stereo speakers, the Profile Series provides a powerful, high-fidelity two channel or Living Space home theater experience. The Profile™ 404 Series offers some of the best and most accessible world-class audio products on the market. Each Profile 404 speaker features high-performance woofers and cloth-dome tweeters, with several available upgrades, creating a true high-fidelity system with brilliant reproduction of vocals, music and movie sound effects. Leon's Profile 404 Series offers one of the most dynamic audio solutions for residential and commercial environments.

Custom built to match the **exact height and finish of any display**

Solid MDF cabinets less than 4" deep, meticulously finished by hand

Multi-channel option available for LCR or distributed audio applications

Easily mounts to any articulating TV with Leon's exclusive brackets

Also available as freestanding towers

Picture perfect sound.™

Available as Stereo or Multi-channel

PR404

Recommended for 42"-55" TVs in medium-sized rooms. Cabinet dimensions: 5.75" wide x 3.25" deep (height matches size of TV)

Model ID	Driver Size and Description	Power	Ohms	Frequency	Sensitivity
