

TEMPUR-FLAT® FOUNDATIONS

Specially engineered for Tempur-Pedic mattresses, our foundations enhance the benefits, performance, and visual appeal of your bed. Superior structural design and quality construction ensure proper weight distribution and greater stability to improve your sleep experience.

SUPERIOR VERTICAL BLOCK CONSTRUCTION

2 x 4" components prevent the frame from shifting over time. Double centre supports prevent sagging, and structured corners provide protection to each corner.

DISTINCT DESIGN

Specially designed to enrich the performance of Tempur-Pedic mattresses. Co-ordinating colours to pair with any mattress, and available in a choice of High or Low profile to fit individual needs.

Split Queen	76 x 203	30 x 80

10 YEAR LIMITED WARRANTY

FAQ

WILL THIS NEW FOUNDATION WORK WITH A CUSTOMER'S EXISTING BED (OR BED FRAME)?

The foundation's dimensional specs are within industry standards allowing for use of conventional furniture and bed frames. It is worth noting that due to the weight of the foundation, we recommend use of a high quality frame with center support/slats/etc.

IS THIS FOUNDATION COMPLIANT WITH ALL SAFETY STANDARDS?

The Tempur-Pedic Sleep System® (mattress and foundation) has been extensively tested and is compliant with all federal and local regulations, including CFR 1633 for flammability standards.

CAN I USE THE TEMPUR-PEDIC® FOUNDATION WITH A MATTRESS FROM ANOTHER BRAND?

Yes, our foundation is compatible with any mattress on the market today. It is important to note that federal flammability standards are based on a set of the same brand.
