Part Replacement

This Part Is A Replacement For The Following Part Numbers	W10208631RP, W10208631
---	------------------------

This Over-The-Range Microwave Grease Filter traps grease from the exhaust air of your oven to help prevent it from entering the blower and vent, potentially causing build-up and damage. If your current filter can no longer be cleaned and is not functioning properly, you should replace it promptly with this item. This chrome filter is an accessory that can be used across several brands; check to see if your model number is compatible. Size: approx. 13" L x 6" W. Replacing this part will require no disassembly or repair experience. You must unplug the microwave before installing this part.
