BRAVIA Theatre Bar 7

Model, Modèle: YY2099C

English

Sound Bar

Before using the unit, be sure to read the End User License Agreement (EULA) supplied with the unit. The content of the agreement also applies to speakers (available separately) connected to the unit (unless those speakers have a separate license agreement).

Model: YY2099C

The term “product” in this document refers to the unit or its accessories.

Owner’s Record

Record the model and serial numbers in the spaces provided below and store them safely.

Refer to them whenever you call your Sony dealer regarding this product.

Model No. _____

Serial No. _____

The model and serial numbers to be recorded are located in the following places.

- the bottom of the unit

Do not install the product in a confined space, such as a bookcase or built-in cabinet.

To reduce the risk of fire, do not cover the ventilation opening of the unit with newspapers, tablecloths, curtains, etc. Do not expose the unit to naked flame sources (for example, lighted candles).

To reduce the risk of fire or electric shock, do not expose this product to dripping or splashing, and do not place objects filled with liquids, such as vases, on the product.

The unit is not disconnected from the AC power source (mains) as long as it is connected to the wall outlet, even if the unit itself has been turned off.

Install the unit so that the power cord can be unplugged from the wall socket immediately in the event of trouble.

For Remote Commander

CAUTION

Risk of explosion if battery is replaced by an incorrect type.

Dispose of used batteries according to local rules and regulations.

Do not expose the batteries (battery pack or batteries installed) to excessive heat, such as sunshine, fire or the like, for a long time.

This product has magnet(s) which may interfere with pacemakers, programmable shunt valves for hydrocephalus treatment, or other medical devices. Do not place this product close to persons who use such medical devices. Consult your doctor before using this product if you use any such medical device.

The nameplate and important information concerning safety are attached in the following locations:

- the bottom of the unit

For details on the effects of contact with the human body from the mobile phone or other wireless devices connected to the unit, refer to the instruction manual of the wireless device.

For customers in the U.S.A.

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this unit.

This unit must not be co-located or operated in conjunction with any other antenna or transmitter.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

NOTE:

This unit has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This unit generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this unit does cause harmful interference to radio or television reception, which can be determined by turning the unit off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the unit and receiver.
- Connect the unit into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The shielded interface cable recommended in this manual must be used with the unit in order to comply with the limits for a digital device pursuant to Subpart B of Part 15 of FCC Rules.

Supplier’s Declaration of Conformity

Trade Name: SONY

Model: YY2099C

Responsible Party: Sony Electronics Inc.

Address: 16535 Via Esprillo, San Diego, CA 92127 U.S.A.

Telephone Number: 858-942-2230

This unit complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines. This unit should be installed and operated keeping the radiator at least 20 cm or more away from person’s body.

Compliance with FCC requirement 15.407(c)

Data transmission is always initiated by software, which is passed down through the MAC, through the digital and analog baseband, and finally to the RF chip. Several special packets are initiated by the MAC. These are the only ways the digital baseband portion will turn on the RF transmitter, which it then turns off at the end of the packet. Therefore, the transmitter will be on only while one of the aforementioned packets is being transmitted. In other words, this unit shall automatically discontinue transmission in case of either absence of information to transmit or operational failure.

Frequency Tolerance: ±15 ppm

FCC regulations restrict operation of this unit to indoor use only. The operation of this unit is prohibited on oil platforms, in automobiles, trains, maritime vessels, and aircraft, except that operation of this unit in the 5.925 GHz – 6.425 GHz band is permitted in large aircraft while flying above 3 048 m (10 000 ft).

Operation of transmitters in the 5.925 GHz – 7.125 GHz band is prohibited for control of or communications with unmanned aircraft systems.

For customers in Canada

This unit contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada’s licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This unit may not cause interference; and
- (2) This unit must accept any interference, including interference that may cause undesired operation of the unit.

This unit complies with ISED radiation exposure limits set forth for an uncontrolled environment and meets RSS-102 of the ISED radio frequency (RF) Exposure rules. This unit should be installed and operated keeping the radiator at least 20 cm or more away from person’s body.

5 150 MHz – 5 350 MHz band is restricted to indoor operations only.

Operation shall be limited to indoor use only. The operation on oil platforms, in automobiles, trains, maritime vessels, and aircraft shall be prohibited except for large aircraft flying above 3 048 m (10 000 ft).

Devices shall not be used for control of or communications with unmanned aircraft systems.

Data transmission is always initiated by software, which is passed down through the MAC, through the digital and analog baseband, and finally to the RF chip. Several special packets are initiated by the MAC. These are the only ways the digital baseband portion will turn on the RF transmitter, which it then turns off at the end of the packet. Therefore, the transmitter will be on only while one of the aforementioned packets is being transmitted. In other words, this unit shall automatically discontinue transmission in case of either absence of information to transmit or operational failure.

Precautions

On the power cord

- The supplied AC power cord (mains lead) is designed exclusively for this unit. It should not be used in combination with any other devices.
- Completely disconnect the AC power cord (mains lead) from the AC outlet (mains) if it is not going to be used for an extended period of time. When unplugging the AC power cord (mains lead), always grip the plug. Never pull the cord itself.
- If the AC power cord (mains lead) is damaged, contact your nearest Sony dealer or the store you purchased the product from for a replacement.

On placement

- Do not place the unit near heat sources or in a place subject to direct sunlight, excessive dust, or mechanical shock.
- Place this unit on a flat, level surface. When placed on a sloped surface, the unit may fall over or fall off the surface due to its own vibration, resulting in injuries, malfunctions, or performance degradation.
- Use caution when placing the unit on a surface that has been specially treated (with wax, oil, polish, etc.), as staining or discoloration of the surface may result.
- The speakers of this unit are not of magnetically shielded type. Do not place magnetic cards on the unit or near it.
- Do not place metal objects other than a TV around the unit. Wireless functions may be unstable.

How to care for the unit

- Any dust or dirt on the fabric part should be gently removed with a soft cloth.
 - Scratching the dirt off with the fingernails or applying excessive force may damage the fabric.
 - Do not use cleaning brushes, etc., as such tools may damage the fabric depending on the tool material.
 - If the fabric part is heavily soiled, wipe it with a soft cloth lightly dampened with a neutral detergent, then wipe it again with a soft dry cloth.
 - Use of detergents or cleaners other than neutral detergent may cause color fading or fabric damage.
- Wipe the cabinet with a soft cloth dampened with a mild detergent. Do not use abrasive pads, cleansers, or solvents like alcohol or benzene.

On BLUETOOTH® communications

- Microwaves emitting from a BLUETOOTH device may affect the operation of electronic medical devices. Turn off this unit and other BLUETOOTH devices in the following locations, as it may cause an accident:
 - in hospitals, near priority seating in trains, locations where inflammable gas is present, near automatic doors, or near fire alarms.

Notes on transferring/disposing

- Be sure to reset the unit, deleting private information and setting information before transferring/disposing. If the unit is transferred or disposed without resetting, private information may be inspected by a third person and abused. For details of the resetting method, refer to Help Guide.

Other notes

- If a foreign object or water gets into the unit, turn off the unit immediately, unplug the unit from the AC outlet (mains), and consult with your nearest Sony dealer or the store you purchased the product from.
- **Data Processing Related to Internet Connection and System Software Update**
When this product connects to the internet, Sony Corporation (“Sony”) will process your IP address. Additionally, when this product needs to perform an update to receive the latest operating system software, display Privacy Policy through the “Sony | BRAVIA Connect” app or receive third party services, Sony will process IP address, version information of Privacy Policy, software version and country/region code of this product. If you do not want such data to be processed, do not set-up the wireless internet function. Please note that the legal basis under EU law for Sony processing the above data for your internet connection and the provisions of software updates are the performance of the contract we have with you. For more information about how Sony handles your data and your privacy rights, and for contact details if you have questions or concerns, please access the following URL and read the Privacy Policy. https://ssh-app-config.data-gateway.seeds.services/hec/pp/hec_pp_index.html
- When connecting the unit to the Internet, use the router (ADSL modem or optical line termination device with the router function supplied with the Internet provider, or Wireless LAN access point). If you connect to the Internet without using the router, a security problem may occur. If you are not sure that the wall outlet for the network line has the router function, ask your manager of the apartment house or Internet provider.
- If you have any questions or problems concerning this unit that are not covered in this manual, please consult your nearest Sony dealer.

How To Use

Installation, connection, and initial settings of the unit must be performed in accordance with the “Sony | BRAVIA Connect” app installed on your smartphone. For more information on how to use the unit, access the Help Guide from the URL on the cover of this document.

Mounting on a Wall

Refer to the Help Guide from the URL on the cover of this document for more details and other installation method.

- Ⓐ Distance between the screws (commercially available) for wall installation: 786 mm (31 in)
- Ⓑ Gap between the wall installation screw head and wall: 3.5 mm to 4.5 mm (5/32 in to 3/16 in)
- Ⓒ Wall mounting bracket (supplied)
- Ⓓ Screw (supplied)

Notes

- Make sure to use the supplied wall mounting brackets when mounting the bar speaker on a wall. Do not mount the bar speaker directly on a wall. The temperature inside the bar speaker rises considerably, which may cause damage or malfunction.
- Hang the bar speaker horizontally on a reinforced wall.
- Ask a Sony dealer or licensed contractor to install the speakers securely and with full consideration of safety.
- Sony shall not be held responsible for any accidents or damage caused by improper installation, lack of installation stability, misuse, or natural disaster.
- For safety, at least two persons should work together to mount the bar speaker.
- Prepare screws (not supplied) suitable for the wall material and hardness. Depending on the wall material, screws that are not suitable may damage the wall.
- Fasten the screws securely into the wall beam.

Included Items

- Sound Bar (1)
- Remote control (1)
- Battery (2)
- WALL MOUNT TEMPLATE (Paper) (1)
- Wall mounting bracket (2)
- Foot (2)
- Screw (2)
- HDMI cable (4K, 8K transmission supported) (1)
- AC power cord (mains lead) (1)
- Documents (1 set)

Specifications

Sound Bar (YY2099C)

Wireless LAN section

- Communication system
 - IEEE 802.11 a/b/g/n/ac/ax
- Frequency band
 - 2.4 GHz, 5 GHz, 6 GHz bands

BLUETOOTH section

- Frequency band
 - 2.4 GHz band (2.400 0 GHz - 2.483 5 GHz)

USB section (For service use only)

- FOR SERVICE port
- Type A (For connecting USB memory)

HDMI section

- Connector
 - Type A (19pin)

Wireless transmitter/receiver section

- Communication system
 - Wireless Sound Specification
- Frequency band
 - 5 GHz, 6 GHz bands

General

- Power
 - AC 120 V, 60 Hz
- Power consumption
 - On: 52 W
 - Network standby mode ([Network/Bluetooth Standby] is set to ON): 3.5 W or less
 - Standby mode ([Network/Bluetooth Standby] is set to OFF): 0.5 W or less
 - When [Signal Pass Through] is set to [Off], or when [Signal Pass Through] is set to [Auto] and the connected TV is turned off.
 - Changing the settings of the unit as described below will cause the power consumption to exceed the value listed above.
 - Set [Signal Pass Through] to [On]
 - Set [Signal Pass Through] to [Auto] and [Control for HDMI] to [Off]
 - When the [Auto Standby] function is enabled, if the product is not being operated and there is no signal input for about 20 minutes, the speaker system automatically enters the network standby mode or standby mode.
 - Disabling the [Auto Standby] function will increase the power consumption of this product.
- Dimensions (W × H × D)
 - Not including projection portion.
 - Sound Bar: Approx. 950 mm × 64 mm × 125 mm (37 1/2 in × 2 5/8 in × 5 in)
 - Sound Bar with the Wall mounting bracket: Approx. 950 mm × 66 mm × 135 mm (37 1/2 in × 2 5/8 in × 5 3/8 in)
 - Sound Bar with the Foot: Approx. 950 mm × 74 mm × 125 mm (37 1/2 in × 3 in × 5 in)
- Mass
 - Sound Bar: Approx. 4.6 kg (10 lb 3 oz)
 - Sound Bar with the Wall mounting bracket: Approx. 4.9 kg (10 lb 13 oz)
 - Sound Bar with the Foot: Approx. 4.6 kg (10 lb 3 oz)

Design and specifications are subject to change without notice.

Depending on the connected device, the available radio frequency varies.
