This model is most recommended for back and side sleepers.

HAND TUFTED TENCEL™ FABRIC:

The hallmark of the luxury mattress. We take the extra time to tuft by hand so that not only you get to sleep longer but your mattress will also last longer.

INNOVATIVE GEL GRID:

Thousands of grids continuously adjusting to provide support where you need it. Open cell design allows airflow throughout the mattress to keep you cool.

NATURAL LATEX DUAL LAYER:

Engineered with dual layers of natural latex, this mattress offers advanced pressure relief and balanced support for a truly weightless feel. Naturally breathable and cool, latex also resists dust mites, mold, and allergens—making it ideal for a healthier sleep environment. Its responsive, long-lasting design delivers consistent comfort and minimizes motion transfer for undisturbed rest.

TITANIUM MEMORY FOAM:

Titanium infused memory foam regulates temperature for deeper sleep by drawing excess heat away from your body while absorbing pressure so you can sleep comfortably and cool.

INDIVIDUALLY POCKETED COILS:

7-Series coil system: Independent coils adjust to your body's unique shape for personalized pressure relief and comfort. Tri-Zoned for back support.

Symmetry

Designed for lasting comfort, support, and restorative sleep.
