**SKU:** P375270

**Availability:** In Stock

**Type:** Chairs, Armless Chairs, Dining Chairs, Side Chairs, Upholstered Chairs

**Category:** Casual Dining

**Collection:** Quincy

**Color Family:** Beige

**Motion Type:** Stationary

**Material:** Fabric

**Style:** Transitional

**Finish:** Blacks

**Brand:** PFC

**Product Description:** The Quincy Upholstered Side Chair offers style, comfort, and functionality with its innovative design and mid-century modern charm. The intentional space between the seat and the seat back allows for ventilation and flexibility in seating posture. Its sturdy structure provides added comfort and support while dining or conversing at the table. While designed for dining, this side chair can also serve as an accent piece in a living room, office, or bedroom, making it a versatile addition to various spaces within the home.

**Collection Features:** Quincy is a smaller-scale, casual, transitional collection with linear, classic silhouettes. Crafted with quartered ash veneers in a molasses finish, the minimalist design is accentuated by a heavy bevel on the pilasters and custom bar pull hardware in a soft bronze finish. Hints of Mid-century modern styling includes architectural elements and beveled case designs.

**Status:** Active

**Finish:** The dark tone of the Molasses finish is versatile and pairs well with various décor styles

**Features:** Sleek, streamlined silhouettes combined with mid-century modern, transitional design elements create a sense of simplicity and elegance

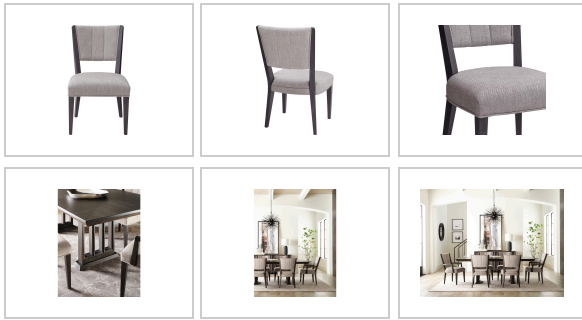

Boasts clean lines and a small-scale profile, making it practical for casual living

A generously padded seat and gently curved upholstered back with vertical stitching lend a relaxed and inviting vibe

Tapered legs add to the minimalist aesthetic

**Material:** Ash Wood Veneers

**Frame Construction:** Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in

quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

**Fabric 1:** Cremini, 100% Polyester, E: Use a specialty leather cleaning kit or contact a professional

**Width:** 20" (50.8 cm)
