

# OHIO PILLOW TOP 13"

## STEEL SERIES

### BREATHE-LITE QUILTING

Experience enhanced pressure relief with our Pillow Top feel. HD foam disperses your weight across the mattress and adds comfort.

### RESPONSIVE COIL ON COIL DESIGN

By combining a premium 4" wrapped innerspring over our LIFE EDGE® Patented 8" Steel Support that prevents that "roll off" feeling, we can offer a luxury feel that won't break down over time. The airflow of a steel-focused design is second to none and requires no specialty foam treatments to keep you sleeping cool and comfortable night after night.

### DESIGNER FABRIC AND STRONG SUPPORT

Our rich textile and horizontal channel stitch gives this mattress a beautiful cover that reminds you how pretty it is every time you change the sheets. Densified fiber pad keeps everything in place.

OVER 1600 COILS!

ROLLED/BOXED
