

Technical Specifications

Effective tonearm length in mm (from the tonearm pivot to the stylus)	230.0
Mounting distance (from the tonearm pivot to the spindle)	212.0
Offset angle (between a groove and the stylus direction)	24°
Overhang in mm (from the spindle to the stylus)	18.0
Effective tonearm mass in grams 17,2 18,5 19,5 (including Alu headshell)	17.2
Counterweight rotation diameter in mm	77
Cartridge weight range in grams 5-23 5-25 5-25 (depending on individual headshell weight)	5-23
