Lindi 11 25 In Vessel

Sculptural, but not serious about it. The Lindi Vessel has a freeform shape that feels collected, not calculated—like a design moment that happened naturally. Its light brown finish brings warmth and an earthy calm to modern interiors, whether it's styled on a bookshelf or anchoring a tabletop vignette. Made from Ecomix (recycled paper, natural gum, and chalk powder), it's for decorative use only—best with dried stems or all on its own.

- Playful Profile: A freeform, modern silhouette gives your styling an artful edge, adding visual interest from every angle.
- Ecomix Material: Crafted from Ecomix—recycled paper, natural gum, and chalk powder—for an environmentally friendly piece with a natural, earthy finish.
- Decor-Only Use: Made for decorative use only, so it shines as a styled object or with dried botanicals, not as a functional water vessel.
