Product Description: The welcoming Iris Sofa has a wide track-arm design and an expansive 88-inch wide silhouette. Featuring a plush loose bench seat cushion and low tight back, it has rectangle bolster pillows inside the arms and welt trim. This contemporary casual sofa with a mid-century vibe is benchmade from sustainably sourced wood and upholstered by our skilled craftspeople in North Carolina and Virginia, thoughtfully designed for today's lifestyle.

Features: Wide track arm design
Rectangle bolster pillows inside arms
Welt trim

Material: Fabric

Frame Construction: Our M upholstered furniture collection pieces are benchmade from sustainably sourced wood and upholstered start to finish by our skilled craftspeople in both North Carolina and Virginia. Every piece has been thoughtfully designed for today's modern lifestyle. Frames are constructed of sustainably certified kiln dried engineered hardwood. Frame parts are joined with precision cut interlocking joints that are glued, stapled to reduce

movement, twisting and warping. Frames have cornerblocks that are glued and screwed at stress points, especially on seat rails and other high stress areas. Depending on rail thickness, frames may be of a hybrid construction, adding a solid hardwood inner frame to give seat rails additional support.

Seat Back: Tight back

Seat: Poly Seat Cushion - Tight seats: High resiliency plant-based foam with an overlay of polyester fiber.

Fabric: Choice of over 130 fabrics including a wide selection of performance fabrics

Padding: Padded outside arms and back for smoother surface and neater appearance.

COM Fabric Yardage Required 54-Inch Plain: 17.75

Seating Construction: Seat bases are supported by a sinuous arc metal spring construction. Our springs are made from partially recycled content. Due to the design requirements of some styles, rubberized webbing may be used instead of springs. Double rows of springs are used at the corners for extra support. Seat bases are insulated with polypropylene fabric and are padded with synthetic fiber.

Trim: Standard welt trim. Contrasting welt available for an upcharge.
