With a luxurious platinum patina, the Diamont Dresser is captivating and charming. Delightfully functional, there are jewelry doors on each end: doors with five jewelry hooks and 4 removable mesh jewelry bags attached to each door. There are eleven drawers, and the top 3 have pristine white interiors, while the top left drawer has a cream-colored removable felt liner and the top right drawer has a cream-colored removable jewelry tray. The bottom two drawers are cedar lined. Crafted of Poplar and Hardwood Solids with Oak Veneers, the Diamont Dresser is finished in Jewel, a silver with rich undertones of gold and champagne. The decorative jewelry-like hardware is in an antique silver color.
