Product Description: The Banyon Bay Bench combines natural materials with a contemporary design. Crafted from white oak solids, oak veneers, and finished top-grain leather in a sunbleached tone, this bench adds an element of modern sophistication to your bedroom. The multi-step Desert Oak finish, with wire-brushing and cerusing, enhances its texture. The bench features a long rectangle shape with open ends and a channeled leather seat, providing both comfort and style. It’s a versatile piece that can be placed at the foot of the bed or used as extra seating in a bedroom or hallway.
Collection Features: Developed with an eclectic mindset, Banyon Bay is youthful and cool, combining precise geometry and gentle contours with natural textures and materials. Delivering smooth contemporary lines, this modern collection is a perfect fit for a casual lifestyle, moving effortlessly between urban, coastal, and mountain settings. Modestly scaled, this collection features white oak veneers and solids in a light Desert Oak finish, accented with an authentic mix of organic materials, creating a cohesive, casual look.
Status: New
Finish: The multi-step Desert Oak finish features wire-brushing and cerusing
Features: Long rectangle shape Open ends with stretcher Channeled finished leather seat
Material: White Oak Solids, Oak Veneers and Leather
Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.
Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
Leather: Sunbleached (Finished Top Grain)
