Product Description: With a luxurious platinum patina and shimmering eglomise back panel, the Sanctuary Gemme Two-Drawer Nightstand is refined and ever-so-tasteful. Delightfully functional, the nightstand includes a power bar with 3 electrical outlets and one live USB port. The top drawer has a removable cream-colored felt liner, while the bottom drawer creates a fixed shelf. Crafted of Poplar and Hardwood Solids with Oak Veneers, the Gemme is finished in Jewel, a silver with rich undertones of gold and champagne. The decorative jewelry-like hardware is in an antique silver color.

Collection Features: Channeling jet setting socialites from the golden age of Hollywood as its muse, Hooker Furniture is set to launch a major expansion to its popular Sanctuary collection. The bedroom, dining room, occasional and home office pieces are grouped into three unique new personas, each of which embody the influences of the iconic starlets whom left impressions of glamour, charm and class on American pop culture. From bold and dramatic to soft and romantic to a statement-making eclectic lifestyle, the three personas – Collette, Anastasie and Diamant – effortlessly bring to life a well-traveled socialite who has curated a collection of home furnishings in her metropolitan home that tell the story of her travels across the globe. Offering a more metropolitan style, Diamant has an eclectic attitude. Anchored by a silver finish with rich undertones of gold and champagne, the group is complemented

by a bold, black accent finish, mirrored details, champagne metal finishes and a fresh white eglomise process, accented with silver tipping. Several pieces also include reverse hand painted glass that resemble the look of marble.

Status: Active

Finish: Jewel, a silver finish with rich undertones of gold and champagne. Antique silver color metal alloy custom decorative pull designed to look like a piece of jewelry. Distressing includes rasping and gouging.

Features: Two drawers

Bottom drawer has a cedar-lined bottom

Bottom drawer creates a fixed shelf

Power supply

Levelers

Eglomise back panel

Material: Oak Veneers and Glass

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
