Top Materials: Fuzion Glass $\frac{3}{4}$ " • Approx. Ship Weight: 360.0
Made in America

Our vanity line brings together everything that Charleston Forge is known for. Beautiful design that incorporates bespoke materials and meticulous construction. Form and function, all made by hand. The base is made of solid steel and is available in any of our metal finishes. The cabinetry is available in Ash, Maple, and Walnut veneers with all our wood finishes available. We chose to use a wood veneer as veneers handle moist environments, such as bathrooms, better than solid wood. The cabinets are finished with a durable urethane top coat to further ensure this...
