## Designed to Perform

Custom 8" driver with Nomex spider and oversized high-temp voice coil for incredible output with low distortion.

## Built for Sound

A reinforced bezel ensures clean, accurate bass every time, while a locking grill prevents rattles often accompanied with in-wall units.

## Engineered for Versatility

Designed to fit either new construction or retro-fit designs, this versatile sub can be used anywhere in a home or office for a powerful performance.

### Lifetime Limited Warranty

All Episode Speakers have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
