**Product Description:** Upgrade your bedroom with our Higgins Street 3 Drawer Nightstand. This functional, aesthetically appealing piece features a discreetly placed USB-C port to help you stay connected and cater to your digital lifestyle. Three spacious drawers provide ample storage to maintain a clutter-free environment. Rubberwood and flat-cut hickory veneers create a visually dynamic surface, marrying durability and unique character. The rounded corners and bun feet soften the silhouette, while the medium-toned finish and antique pewter hardware add warmth and style, making this nightstand an essential part of your bedroom decor.

**Collection Features:** The Higgins Street collection gathers elements of traditional English and French designs, casualized for the modern consumer by its updated finishes and functional scaling. Capitalizing on the familiarity and interest of these rich histories, this collection, both suited and individual, is a compilation of two distinct but complementary lifestyles.

**Status:** Active

**Finish:** The Woodstone finish creates a sense of tranquility and adds character to the overall design

**Features:** An eclectic mix of antique French and English styles with modern design elements offer a curated look  
A strategically placed USB-C port allow you to conveniently charge your devices while three drawers help keep the space organized and clutter-free

Rounded edges and soft curves impart a feminine and graceful feel  
Aged pewter finish hardware and round bun feet add a touch of traditional charm and a sense of stability

**Material:** Hickory Veneers

**Drawer Construction:** French and English Dovetail Drawer Construction

**Frame Construction:** Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces.

These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
