

EVANS DRAWER END TABLE

SKYLINE

Skyline by American Drew strikes an intriguing balance where sleek forms are set against natural character. Inspired by the crisp, straight lines of current architectures, Skyline is built around clean simplicity while using white oak which could be considered the epitome of natural materials. The Evans Drawer End table show this timeless architecture with the split-heart whit oak veneers highlighting the wide range of white oak grain without the more traditional effects of cathedral patterns. This end table comes with one drawer and one shelf.
