Brand: Drew & Jonathan Home

Product Description: Evoke a sense of warmth and coziness in your bedroom with the Drew & Jonathan Home Griffith Queen Panel Bed. This piece offers a casual, modern vibe complemented by simple, clean lines, creating a welcoming atmosphere where one can unwind and feel at ease. The split heart oak veneers and rubberwood solids provide a wonderful blend of comfort and relaxation, inviting you to enjoy peaceful nights of rest and serene moments during the day.

Collection Features: The Drew & Jonathan Home Griffith collection is inspired by Drew and Jonathan's desire to reconnect with nature within their busy city lifestyles. Casual pieces, crafted from split heart oak veneers and rubberwood solids, evoke a sense of calm reinforced by muted, natural colors and aged pewter hardware. Eye-catching rounded edges, surprising curved details, and stone insets showcase an of-the-moment, modern style that make the everyday feel like a beautiful escape.

Status: Active

Finish: The Smoked Oyster finish incorporates subtle undertones that add an element of complexity

Features: A clean and simple silhouette offer a casual, modern vibe. The overall design exudes natural beauty, adding depth and character to your space.

Material: Split heart oak veneers

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
