Tyne Large Vase

1200-0859

In Stock

Overall: 20"h x 8.25"w x 8"d

Finish: Pale Blue / Gold

Materials: Glass

Item Weight: 15 lbs.

The Tyne Large Vase is made of mouth-blown glass that has a remarkable depth to it because the surface is swimming with blue bubbles, flecks of black, and swirls of gold metallic. These details enliven each vase with a textural complexity and enhance its gleam. The thickness of the glass from which this blue vase is made speaks to the high quality of the decorative accessory.
