## TERZO END TABLE

BJD22159-42

Inspired by the endcap of a 1960s kitchen island, the Terzo End Table combines clean-cut aesthetics with practical functionality. Designed to cap off the end of nearly any sofa or larger lounge chairs, it features shelves and a sleek brass supporting legs. The rounded shape eliminates sharp corners, making it ideal for families with young children. Its flat back allows for a snug fit against sofa and chair arms, ensuring a seamless integration into your living space. Whether styled minimally or with maximalist flair, this table adds an elegant touch while offering practical benefits such as discreet cord management for table lamps. We've also seen designers use this as an open shelf night stand between twin beds. Available in your choice of quartersawn oak or maple, it's a versatile and stylish addition to any home.
