## XAV-AX8000

### 22.7 cm (8.95") Media Receiver with Bluetooth®

An oversize 22.7 cm (8.95-inch) display makes everything easy to see at a glance. The sturdy and adjustable mount works in three directions and allows flexible installation in a variety of vehicles<sup>3</sup>. Connect a compatible Apple or Android smartphone to get directions, stream music and more.

#### Bullets

---

- Large 22.7 cm (8.95-inch) Touchscreen
- Single-DIN chassis gives more installation options
- Voice control with Apple Car Play<sup>1</sup> and Android Auto<sup>TM2</sup>
- Create virtual speakers on your dashboard with the Dynamic Stage Organizer
- Ergonomic key terminal for easy operation

#### Features

---

##### Oversized touchscreen offers everything at a glance

Whether you are getting directions, looking for a song on your smartphone, or customizing your sound, the oversized 8.95" (22.7 cm) anti-glare touchscreen makes everything easy to see at a glance for safer use on the road.

##### 3-way adjustable mount

A sturdy and adjustable mount works in three directions. With flexible installation options it can be installed in a variety of vehicles<sup>3</sup>.

##### Sleek aluminum quick-access key panel

Enjoy quick and easy operation on the road. Keys along the bottom of the receiver give you instant access to basic features such as volume, source, sound settings and voice control.

##### Smarter driving with intelligent voice control

Apple CarPlay<sup>1</sup> and Android Auto<sup>TM2</sup> make it safer and easier than ever to navigate<sup>4</sup>, communicate and play music on the road. Just connect your smartphone to the XAV-AX8000 to see everything you need on the large touchscreen.

##### Siri with Apple CarPlay

Easily access the iPhone features you know and love, just by talking to Siri. Music, maps, phone calls and messages are all under your control.

##### Voice Control with Android Auto

Use voice commands to dictate messages, take phone calls or get help from Google Maps. You can even control music playback, just by talking.

##### WebLink<sup>6</sup> compatible

Weblink is a lightweight app delivery platform designed especially for in-vehicle use. Using your Android or iOS device connection, you can interface with compatible apps right on the XAV-AX8000 display – for reliable, responsive infotainment whenever you're on the road.

##### Hear music your way

Multiple customization options let you adapt the audio experience to your liking. And with the built-in 4 x 55W amplification, music sounds clear even at high volumes.

##### Music that jumps from your dashboard

Sound waves are directional, so if your speakers are in your doors or under your dash, the audio may seem muddy or unclear. Dynamic Stage Organizer adjusts the signal, improving the stereo positioning so music sounds like it's coming from the dashboard.

##### Sculpt your sound with 10-band graphic equalizer

Tailor the sound to your personal preference with the 10-band graphic equalizer.

##### Bring out the bass

Hit the EXTRA BASS button for deep, punchy sound at any volume. Switch between two settings for different intensities of bass boost.

Three pre-outs let you expand your sound system

With the three sets of pre-outs, you can add components of your choice, like extra amplifiers and sub-woofers. Sony’s high voltage pre-out delivers a 5-volt signal on each, giving you a much clearer sound with less distortion when connected to the power amplifier. You can also expect less external noise.

Rear view camera ready

Have a rear camera installed? View its feed through the screen, along with customizable guidelines that help you back in safely.

Quick wake up

With Sony Quick Wake Up, you're ready to go right after turning on the ignition.

BLUETOOTH® wireless technology<sup>7</sup>

Make hands-free calls and stream wireless audio from your smartphone, with Bluetooth®.

FLAC compatible

FLAC compatibility lets you play lossless audio files, so you can enjoy every detail of the music.

Sirius XM Radio ready<sup>8</sup>

Connect your Sirius XM Radio satellite tuner (not supplied) to enjoy commercial-free music, sports, news, and entertainment.

Steering wheel control ready input<sup>9</sup>

This receiver is compatible with aftermarket remote control adapters designed to utilize the vehicles existing, primary radio controls directly from the steering wheel. The 1/8" rear panel mounted remote input jack allows for simple connectivity. <sup>9</sup>

Switch volume and tracks from the wheel<sup>9</sup>

Easily set up basic audio controls from your steering wheel without using an aftermarket converter with the on-screen custom control mapping ability, on compatible vehicles. <sup>9</sup>

External hands-free mic supplied

The included external hands-free microphone and integrated echo and noise canceling circuitry assure your conversations are clear.

Convenient wireless remote supplied

Control your receiver with the included wireless card remote (RM-X170).
