Product To Product Pairs

The 62 oz glass jar blender accessory is a handy spare or replacement jar for your KitchenAid® Pure Power Blender (sold separately). Having a second jar means you can keep one blend ready while starting another, or store extras for later without interruption. This jar is designed with precision and performance in mind. Its 360 asymmetrical blades and ribbed design, combined with the power of the blender, all help create a powerful vortex for smooth, even textures.

From crushing ice to blending soups(\*), sauces, and smoothies, it's ready for all your hot(\*) and cold creations. The vented lid releases steam(\*) and makes it easy to add ingredients as you go. Durable, dishwasher-safe (top rack only), and made to last, it's a practical addition for everyday blending.
